

## Scrappy Bricks Quilt, Child

**Bricks** – cut [54] 8 ½” X 4 ½” bricks and [12] 4 ½” squares of different fabrics.

Note: If desired, include several [or more] of child friendly designs when constructing this quilt. This pattern is a good design for using up all those scraps of fabric.

**Backing** – 1 ½ yards [42” x 50”]

**Batting** – 42” x 50”

Tip: cut pieces for several quilts at the same time and then select pieces for each quilt.

Sample row A:

Sample row B:

### Sewing Instructions:

Using a ¼ inch seam for construction, sew the squares together into alternating rows A and B:

A: [1] square, [4] bricks, [1] square

B: [5] bricks. [see example, above]

Press seams to one side.

You should have 12 rows. Sew the rows together to form the quilt top as shown.

Tip: Lay the pieces out before sewing to get a pleasing arrangement.

Finished size is approximately 40” x 48”.

This blanket can be finished using the traditional method, which uses a binding, or the ‘envelope’ method, which uses no binding. Quilt or tie at least every 3 ½ to 4 inches. Quilting in the ditch looks nice and reinforces the blanket. Quilting ½” around the outside edges gives a more finished look when using the ‘envelope’ method.

\* Fabric requirements and cutting instructions are included for those wishing to make this pattern at home.
