

# 2024 Brandon Quilters Block of the Month

## Introduction

Over the course of this year, one 12" (finished) block will be presented each month. Since this is your quilt, you can choose your own colors. The blocks will be generically: Color A, Color B, and Background. Although only one setting option measuring 55" x 69" will be given at the end of the year, I encourage you to go your own way when you set your blocks into your top.

The instructions will be written without the use of any specialty rulers or tools. I encourage you to use your favorite method of making each individual unit. All pieces should be sewn together with a 1/4" seam. If your block does not measure 12 1/2", check your seam allowance.

The yardage estimates excluding backing and binding, miscuts or changes to the layout.

Color A: 1 5/8 yards

Color B: 5/8 yards

Background: 2 3/8 yards
