Freezer Paper Magic
Modern Triangle

- This free pattern, video and full instructions can be found at www.bryanhousequilts.com. Rebecca Bryan, owner. She has a variety of patterns and tips. The quilt I will show you is from Ten Cow Quilts.

- Using 8.5 X 11 freezer paper (order from online), or you can cut 8.5 x 11 sheets from large roll to fit your printer, print pattern on dull side. NOTE: can re-use, do not adjust stitch length.

Make Modern Triangle Quilts - YouTube

Make beautiful modern triangle **quilts**, even if you're not a perfect piecer Do you love colorful, geometric **quilts**? Then you are in the right place my friend! I'm Rebecca **Bryan**; I'm a designer ...

- This pattern called for 6 triangle pieces (formed by 2 triangles to make 1 piece,) I printed only 1 set until I see how many times I could re-use them.

- **Prep freezer paper patterns**. Cut out printed pieces to make 1 block and pre-fold on every line back and forth.

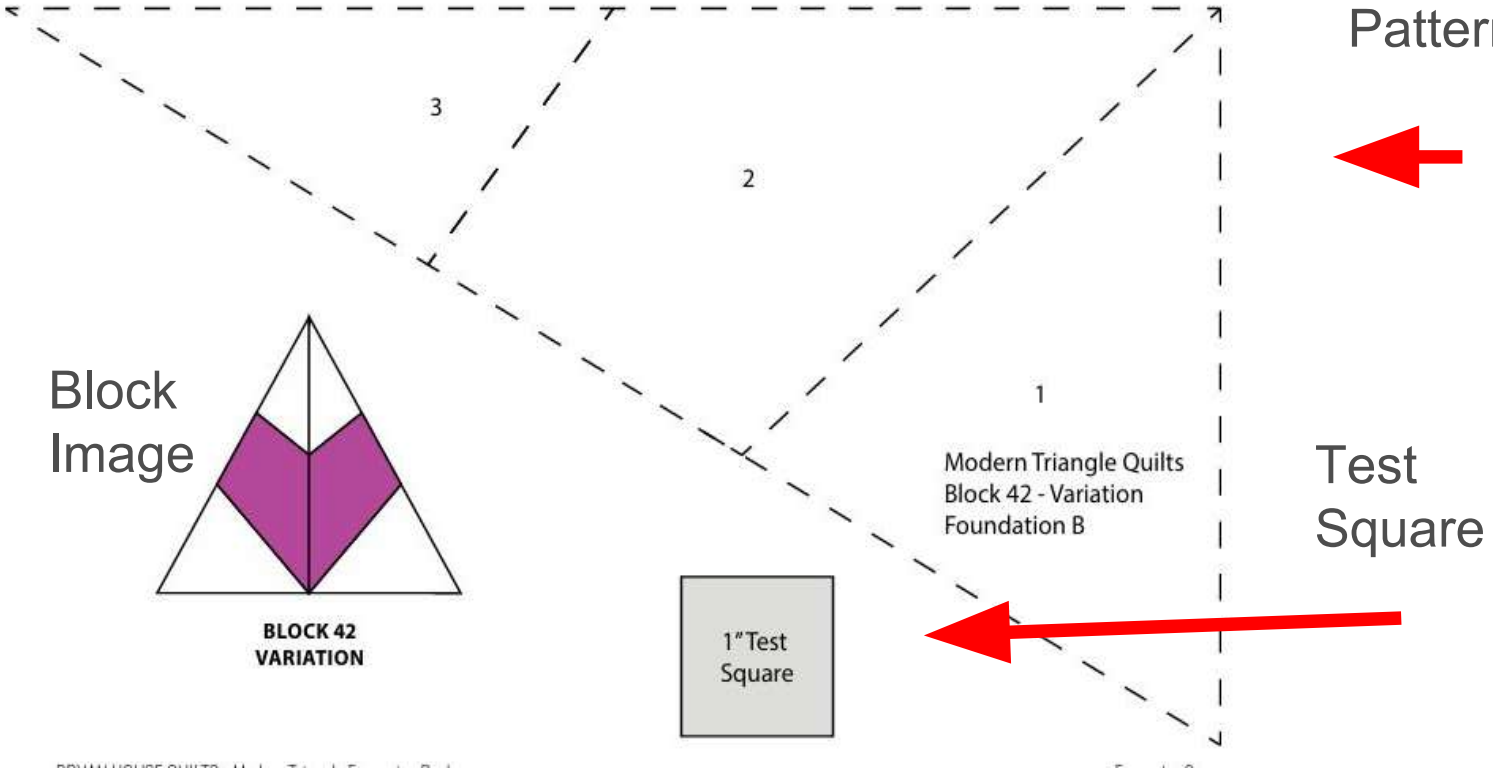

- **Prep fabric** – measure each section of pattern and add 1 inch or larger to all sides to assure your fabric adequately covers the designated section of the block.

- On this example I used 1 color and background fabric. The sections are numbered 1, 2, and 3 for each side of the triangle. Always test to make sure your pattern prints per the test square.

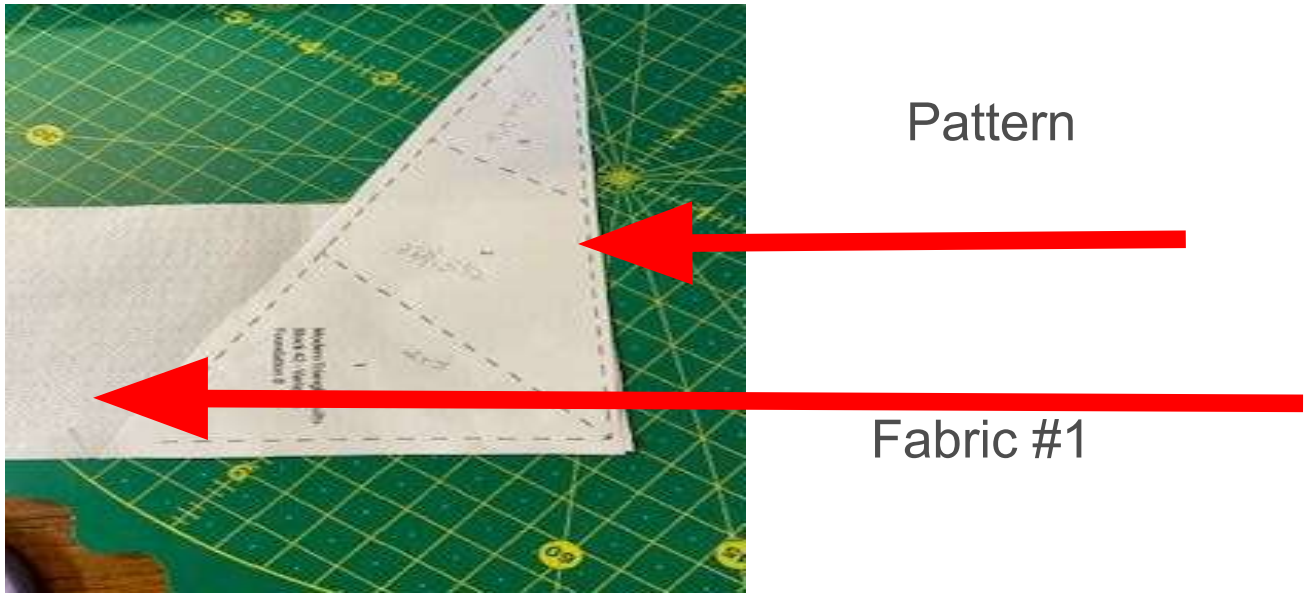

Assemble pattern and fabrics.

Pattern Piece

Fabrics
Numbered

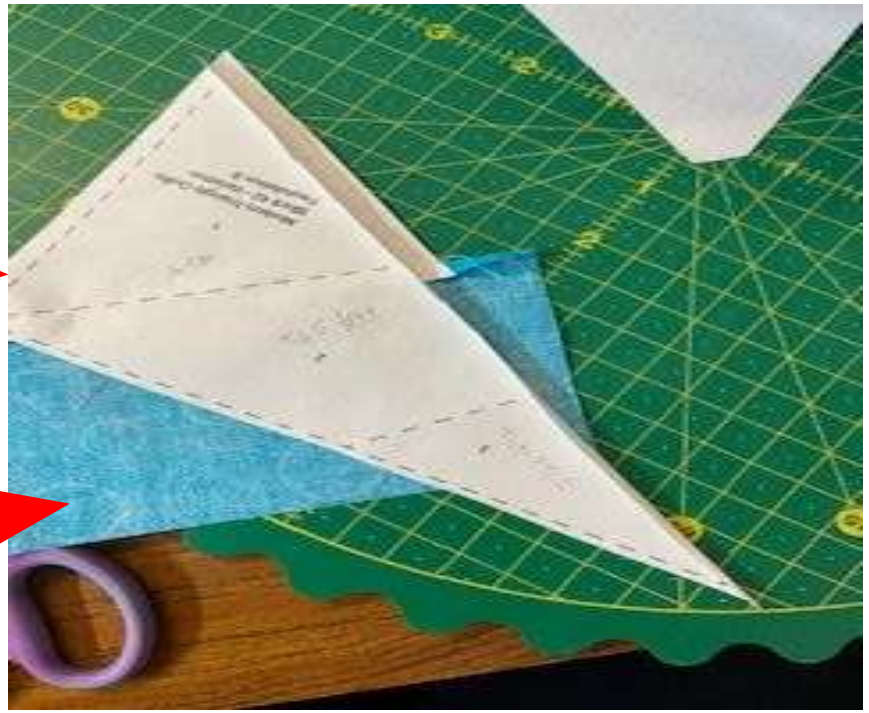

- Press fabric 1 to freezer paper shiny side of template covering corresponding section. The numbered sections of pattern will show on back of fabric. Wrong side of fabrics will be ironed and trimmed for each section. Make sure fabrics cover the section by holding up to light. Fold back template and sew next to fold being careful not to sew on paper. Trim fabric 1 allowing ¼ seam over line.

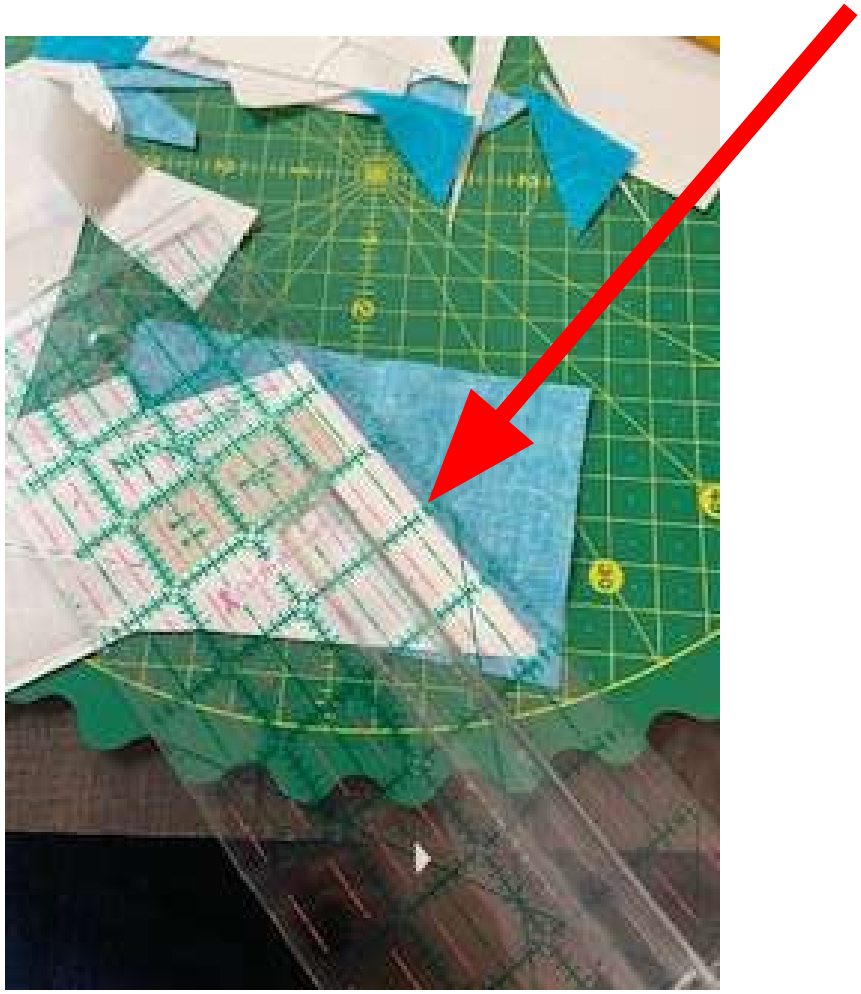

- Press fabric 2 to number 2 section of the freezer paper template on shiny side. Fold back template and sew next to fold being careful not to sew on paper. Trim fabric 1 allowing ¼ seam over line.

Pattern Section 1
Fold Line and
Sewing Line Edge

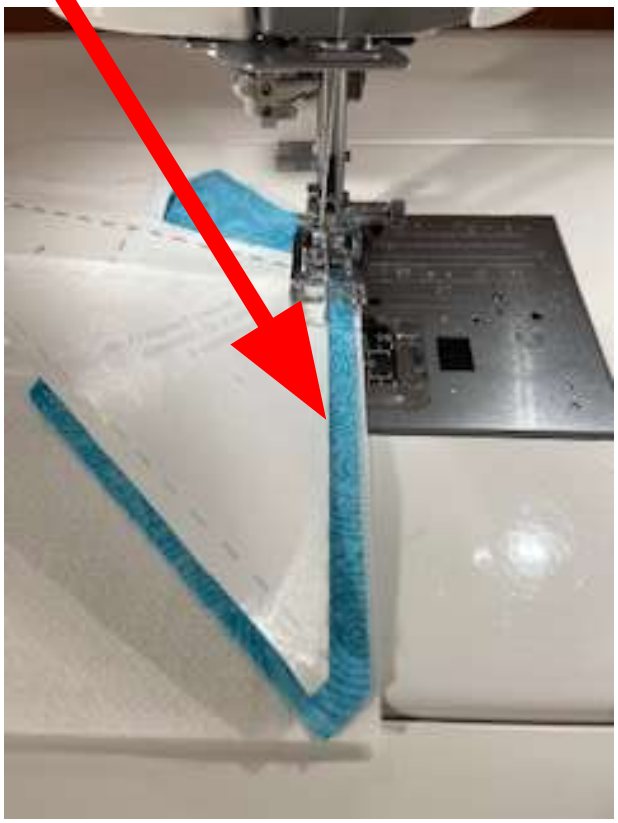

Fabric 2

Trim ¼ inch from fold.

Fold back pattern and sew next to fold

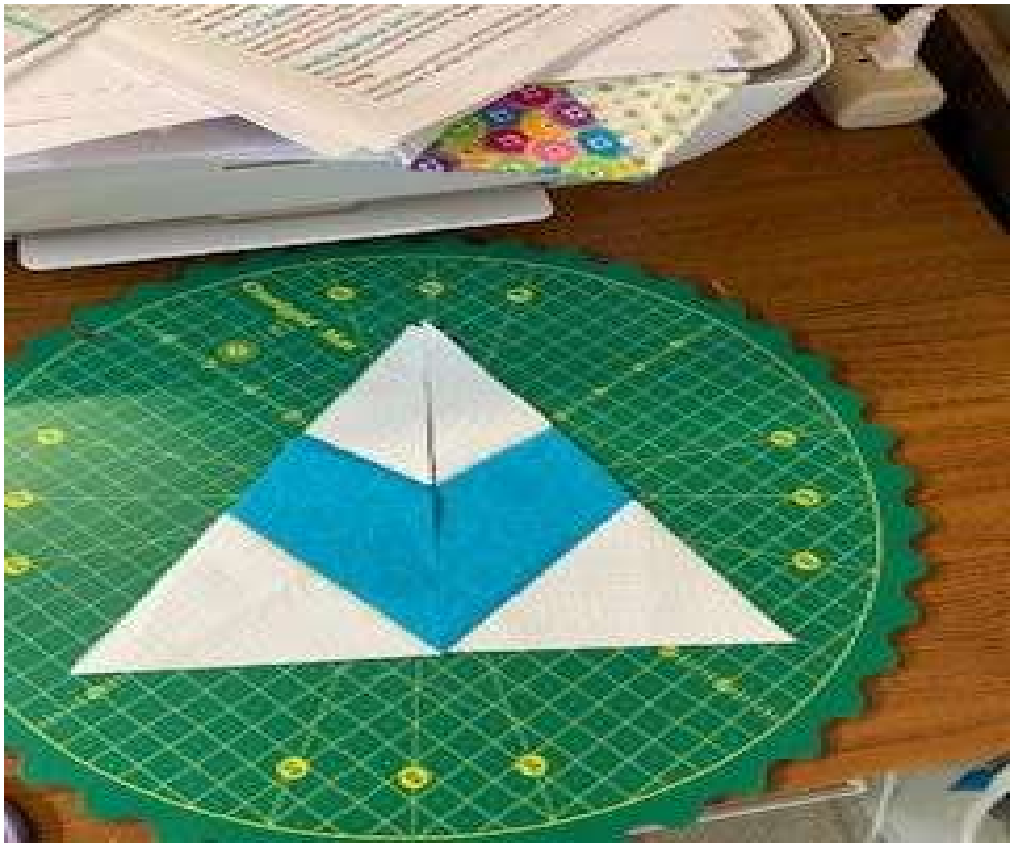

Next trim excess fabric ¼ inch seam

- Press fabric 3 on section 3 of freezer paper template on shiny side. Sew. Trim. Peel off pattern.

- First double triangle completed. Sew and press center seam open. Complete 5 more sets.

- Don’t let this happen to you!
